Our new KSUV-18 Knife Sterilizer Cabinet provides superior sterilization compared to other methods or products using magnetic bars or metal racks to secure the knives. Our exclusive non-filtering clear slotted knife holder and special mirrored interior walls eliminate shadows on knife surfaces within the cabinet that could prevent complete sterilization. The easy to operate mechanical timer can be set for up to 15 minutes, but the KSUV-18 will safely sterilize your knives in as little as 3 minutes with 99% efficacy**. It’s like a SPF-99 (Sterilization Protection Factor) for your knives.

- NSF Component Certified
  (model UVKR-18 included knife rack)
- 15 minute belled timer
- Holds up to 12 knives plus steel*
- Stainless steel construction
